ABOUT BOVUA OIL

WHO WE ARE

Bovua Oil, headquartered in South Africa, operates as a wholesaler of petroleum products without refining capabilities. Our primary activities include sourcing, importing/exporting, and distributing liquid petroleum products, catering to the needs of clients throughout the SADC region.

At **Bovua Oil**, we are fully dedicated to achieving customer service excellence and consistently enhancing our product offerings. We prioritize quality, safety, and sustainability in all aspects of our operations, aiming to make a lasting impact on economic advancement and the creation of meaningful employment opportunities across various sectors.

WORKING TOWARDS A BRIGHTER FUTURE

Our goal is to emerge as the leading downstream petroleum company in southern Africa, driven by continuous organic expansion and strategic acquisitions, while proudly maintaining our status as a prominent black-owned enterprise.

WHAT DRIVES US

Our aim is to be the preferred employer, fostering empowerment and offering employment and skill development opportunities within a secure, mutually respectful professional setting.

OUR FOOTPRINT

We operate across southern Africa, Botswana and Zambia including supplying retail sites and fuel depots in Zimbabwe (Harare and Bulawayo).

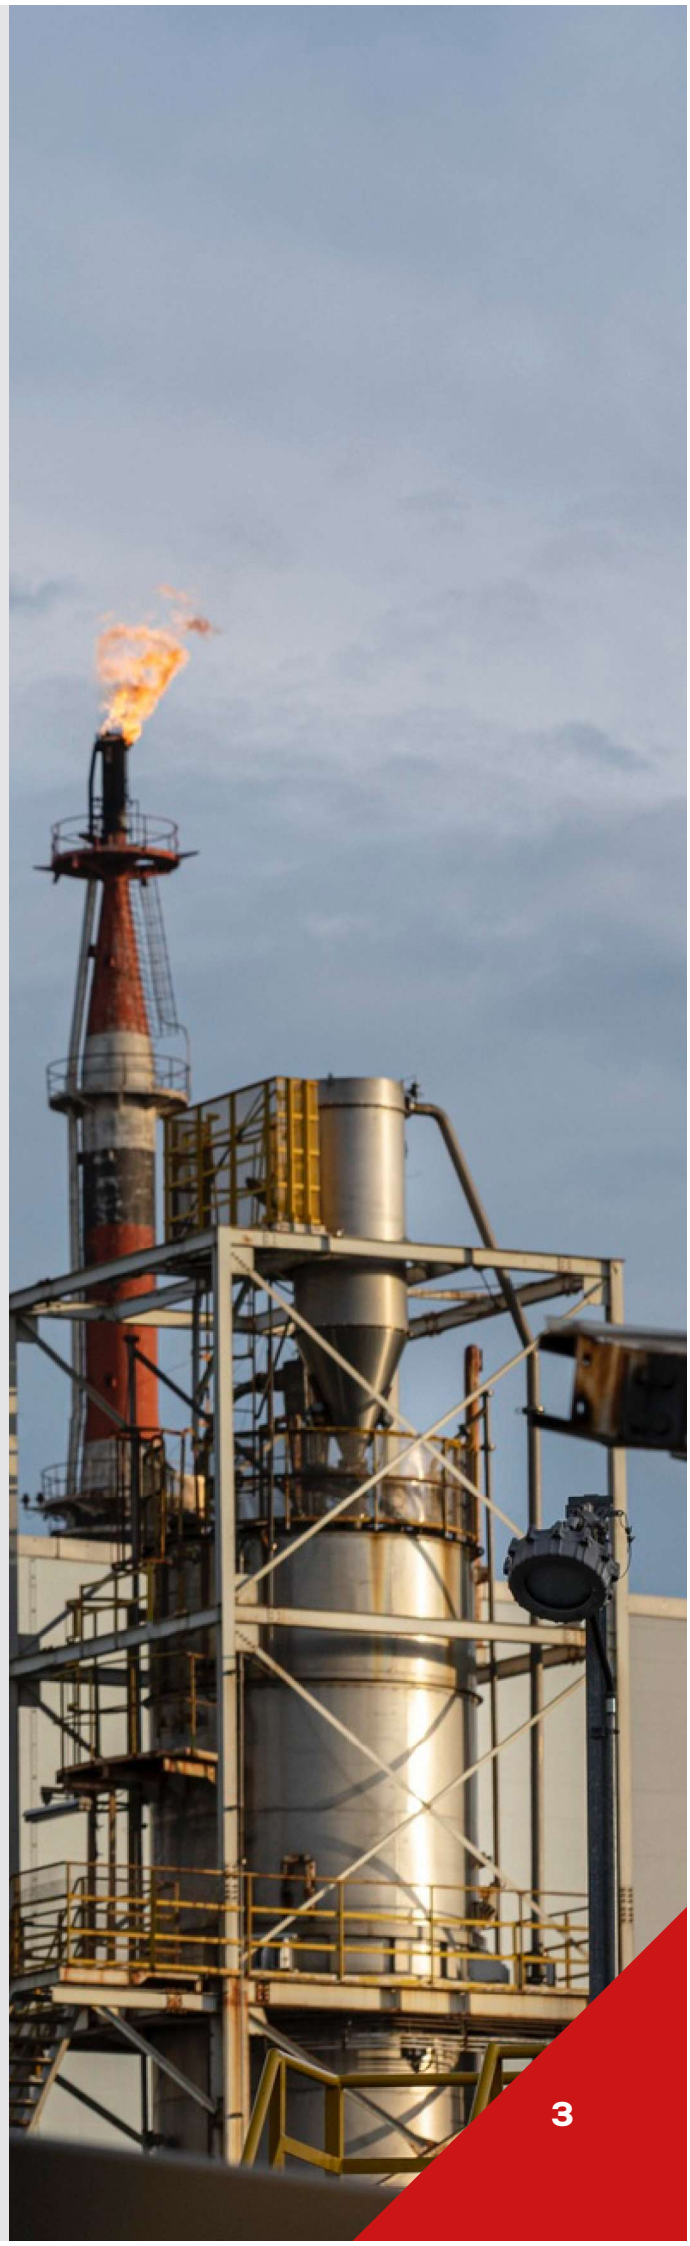

CSI (CORPORATE SOCIAL INVESTMENT)

Bovua Oil is actively engaged in Corporate Social Investment (CSI) projects aimed at empowering unemployed youth through various upskilling initiatives.

WHAT WE DO

Recognizing a void in the energy products market of southern Africa, **Bovua Oil** has strategically aligned its business to cater to lower-volume customers, including small drop clients, alongside serving the mining and agricultural sectors.

BOVUA OIL SUPPLIERS

Thanks to our strong relationships with an extensive network of suppliers, we guarantee continuous access to the products demanded by our customers. We procure directly from leading oil refiners in South Africa, with Shell SA, Chevron SA, Total, Sasol Oil (Pty) Ltd, and BP standing as our preferred suppliers.

We maintain current product exchange agreements that enable us to efficiently serve customers in inland, coastal, and international regions.

SASOL

PRODUCTS AND SERVICES

PRODUCTS

Every product offered by Bovua Oil upholds the highest quality standards and fully complies with all relevant regulations.

LOGISTICS SERVICES

Bovua Oil offers secure and dependable transportation services for liquid fuels. Collaborating with a reliable network of specialized haulage firms, we ensure timely and cost-efficient fuel logistics solutions that seamlessly connect depots with customers.

In cases where larger volumes are needed within shorter timeframes, we have the capability to swiftly access additional capacity.

SHEQ MANAGEMENT

SAFETY HEALTH ENVIRONMENT QUALITY

Safety remains our utmost priority. **Bovua Oil** maintains full SHEQ compliance, and we require the same level of compliance from all our customers.

A GREENER FUTURE

At **Bovua Oil**, we prioritize environmental consciousness in every aspect of our operations. We acknowledge the potential impact of our products and services and have implemented specific product handling protocols to effectively minimize the risks of spillage and contamination.

YOUR GUARANTEE OF QUALITY

Through direct sourcing from refineries, we offer our clients the assurance that our products meet the required SANS standards. With every fuel consignment, we provide peace of mind.
