ABOUT BOVUA LOGISTICS

WHAT MOVES US

Our focus is on the transportation of petrochemical (petrol, diesel, illuminating paraffin, jet fuel, bitumen and HFO) and mining commodities (coal, chrome, manganese, etc).

Our distribution network extends across Africa.

OUR PASSION DRIVES US

In a nutshell, we deliver safely, effectively and on time.

At Bovua Logistics (Pty) Ltd, we've built our reputation on providing the highest standards of customer service on even the most complex projects.

Through our innovative approach, we succeed in delighting our customers and exceeding their expectations.

Our commitment to inclusion and future opportunities shows in the fact that we are a 100% blackowned company, with 30% female ownership and 70% youth ownership. As a Level 1 B-BBEE supplier, our customers benefit from 135% procurement.

At Bovua Logistics we pride ourselves on meeting business challenges and finding ways to do what others can't.

CLOSING THE GAP

Before Bovua Logistics was established in early 2018, service excellence was lacking in the logistics industry in South Africa. Using our expertise and experience, we've been able to close this gap.

We've done this by delivering on our promise to consistently provide outstanding customer service, exceptional efficiency and value for money.

We work closely with our customers to ensure that our service offering is aligned with their current and future needs.

We take the time to understand each customer, their environment and needs, so that we can provide a holistic tailor-made solution that's competitively priced - without ever compromising on excellence.

Through offering employment and upskilling opportunities to South Africa's youth, we are actively uplifting individuals and giving back to disadvantaged and vulnerable communities.

OUR COMMITMENT TO SAFETY

At **Bovua Logistics**, we guarantee that all our drivers are qualified and highly experienced for their contracted tasks.

To ensure the safety of our customers, team members and the public, our fleet is equipped with all the necessary safety requirements as per government regulations.

OUR VALUES

- Trustworthiness - our word is our bond.
- Reliability - we deliver on time, every time.
- Honesty - we're completely transparent in terms of operations and billings.
- Respect - we treat everyone we engage with as equals.
- Ambition - we aim to be the best because our customers deserve nothing less.
- Sustainability - we're in this for the long haul, and we reuse, reduce and recycle wherever possible.
